

May 18-21, 2005  
Chicago, Illinois, U.S.A.

# Add scientific impact

by sharing your latest research findings  
with other experts in wound healing!

## *New Pathways to Discovery*

Wound Healing Society  
15<sup>th</sup> Annual Meeting & Exhibition  
Hyatt Regency Chicago

Visit [www.woundheal.org](http://www.woundheal.org)  
for the latest information  
on the program.

The 2005 Program Committee has organized a strong program of plenary speakers and sessions featuring:

**Keynote Address - Developing a Regenerative Medicine:**

*The Amphibian Limb as an Experimental System*

David Stocum, PhD, Indiana University

**Clinical Trials in Wound Healing Workshop**

**Dual Track Plenary Sessions**

**Angiogenesis:**

Paul Bornstein, PhD, University of Washington

Hynda Kleinman, PhD, NIOCR, NIH

**Bioengineering:**

Howard Greisler, MD, Loyola University

Phillip Messersmith, PhD, Northwestern University

Brenda Russell, PhD, University of Illinois at Chicago

**Clinical Trials:**

David Margolis, MD, University of Pennsylvania

Martin Robson, MD

**Stem Cells:**

Darwin Prockop, MD, PhD, Tulane University

Shahin Rafii, MD, Cornell University

**Translational Research:**

Mark Ferguson, PhD, University of Manchester

Barbara Sosnowski, PhD, Selective Genetics

**Blue Ribbon Industrial R & D Award  
Presentations**

**Young Investigator Award Competition**

**Concurrent Abstract Podium Sessions**

**Poster Sessions**

**3M Award Presentation**

**Exhibition**

**And MORE!**

*"The best science of wound healing!"*

WHS 2004 Annual Meeting Attendee
